

# EDGAR LOMAX VALUE FUND

Semi-Annual Report  
April 30, 2016

Dear Fellow Shareholder:

We want to inform you right off that the Edgar Lomax Value Fund (the “Fund”) just completed a very strong first half of its fiscal year, outperforming both its “value” benchmark and the broad market. Specifically, during the six-month period ended April 30, 2016, the Fund rose 4.72% versus S&P 500/Citigroup Value Index and S&P 500 Index respective returns of 3.12% and 0.43%.

As a consequence of our recent strong showing, the Fund’s longer-term relative results also strengthened. Following are the average annual total returns through this past April 30:

	<u>Fund</u>	<u>S&amp;P 500/Citigroup Value Index</u>	<u>S&amp;P 500 Index</u>	<u>Lipper Large-Cap Value Funds Index</u>
1-year	0.19%	0.28%	1.21%	-2.15%
5-year	10.20%	9.90%	11.02%	8.84%
10-year	6.20%	5.35%	6.91%	5.30%

*Performance data quoted represents past performance and does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor’s shares, when redeemed, may be worth more or less than their original cost. Current performance of the Fund may be lower or higher than the performance quoted. Performance data as of the most recent month end may be obtained by calling (866) 205-0524 or visiting [www.edgarlomax.com](http://www.edgarlomax.com). Before deducting fees that the Advisor contractually waived or expenses of the Fund that the Advisor absorbed, the gross expense ratio is 1.31%\*; however, after such waivers or absorptions by the Advisor, the Fund’s net expense ratio is 0.96%.*

The six-month period ending on this past April 30, 2016, witnessed an abrupt shift in the market from “growth” stocks to “value” stocks (and to our blue-chip version in particular). The flight to quality may have been somewhat precipitated by the sharp slide in oil prices or the general slowing in global economic output. However, it is more likely that the principal cause was the Federal Reserve’s (the “Fed”) December interest-rate hike that would not only mark the end of its long-running zero-interest-rate program but also usher in a period of heightened uncertainty and concern by many investors over future Fed interest-rate decisions. Specifically, many investors have become fixated on each Fed meeting and view any resultant interest-rate decision as bad news—that is, it is believed that any additional bump up in rates might cause a recession and that any decision not to raise them means the Fed feels the economy is weakening.

What does this mean for your investment? The Fund’s portfolio, we believe, is structured to perform competitively in all economic environments, including periods of gradually rising interest rates. Remember, the companies we hold generally provide essential services or products that will be consumed by a wide swath of the world in both good and bad times. Also, most carry below-average debt loads—self-funding their ongoing operations from profits—and are, consequently, less impacted by any increase in interest rates.

---

\* Figures are from the Fund’s prospectus dated February 28, 2016. The Advisor has contractually agreed to waive its fees and/or absorb expenses of the Fund to ensure that the Fund’s aggregate annual operating expenses (excluding acquired fund fees and expenses, interest, taxes and extraordinary expenses) do not exceed 0.96% through at least February 27, 2017. In addition, the Advisor has voluntarily agreed to waive a portion of its investment advisory fee contingent upon the Fund’s performance versus the S&P 500/Citigroup Value Index. While the Advisor may discontinue its voluntary waiver any time after February 27, 2017, it has no intention of doing so.

Let's look at a few examples of the companies in which the Fund is invested and how each has performed during the semi-annual period. The entire list is included in this report in a section entitled "Schedule of Investments." Most impactful to the Fund's performance was an entire economic sector, Industrials, representing nearly 18% of the Fund's total assets. This group gained about 10% in the six months ended April 30, 2016. Two standouts in the sector were Emerson Electric (up 17.9%) and Norfolk Southern (up 14.2%). They are great examples of "old line" firms with strong balance sheets and long records of substantial profitability (giving them respective price-to-earnings, or P/E, ratios of just 18 and 15, versus 24 for the S&P 500 Index).

Other larger stakes are Financial stocks. Our two biggest positions here, meaning we like them a lot and expect them to perform well, actually moved in opposite directions. If nothing else, this reinforces the age-old wisdom of diversifying an investment portfolio. Specifically, Allstate jumped 6.2% during the half-year period. Its various insurance lines (property, casualty and life) combined for recent earnings that were better than many investors had expected. Moreover, its P/E remains quite attractive at just 16. Wells Fargo, on the other hand, declined -6.4% as loan exposure in the Energy sector took a bit off the company's latest quarterly profits. It is widely regarded as one of the world's best run banking institutions and, with a P/E of only 12, we believe it has great ongoing potential for patient investors.

Although we may have said it many times, we truly appreciate the confidence you have shown in us through your investment in the Fund. We promise to continue working hard as we endeavor to bring you the results you deserve.

Cordially,

Randall R. Eley  
Chief Investment Officer

Phillip A. Titzer  
Portfolio Manager

*Must be preceded or accompanied by a prospectus.*

**Mutual fund investing involves risk; principal loss is possible. "Value" investing as a strategy may be out of favor in the market for an extended period. Value stocks can perform differently from the market as a whole and from other types of stocks.**

Investment performance reflects expense waivers in effect. In the absence of such waivers, total return would be reduced.

The opinions expressed are those of The Edgar Lomax Company, the Fund's investment advisor, are subject to change, and forecasts made cannot be guaranteed. Fund holdings and sector allocations are subject to change and should not be considered recommendations to buy or sell any security. Please see the schedule of investments in this report for current Fund holdings information.

The Price-to-Earnings ("P/E") Ratio is calculated by dividing the current price of a stock by the company's trailing 12 months' earnings per share. The S&P 500<sup>®</sup> Index is an unmanaged capitalization-weighted index of 500 stocks designed to represent the broad domestic economy. The S&P 500/Citigroup Value Index is a capitalization-weighted index of stocks in the S&P 500<sup>®</sup> Index which exhibit strong value characteristics. The Lipper Large-Cap Value Funds Index measures the performance of 30 of the largest funds in the large cap value category as tracked by Lipper, Inc. You cannot invest directly in an index.

# EDGAR LOMAX VALUE FUND

## EXPENSE EXAMPLE at April 30, 2016 (Unaudited)

Shareholders in mutual funds generally incur two types of costs: (1) transaction costs, including sales charges (loads) on purchase payments, reinvested dividends, or other distributions; redemption fees; and exchange fees; and (2) ongoing costs, including management fees; distribution and/or service fees; and other Fund expenses. **The Edgar Lomax Value Fund is a no-load mutual fund and has no shareholder transaction expenses.** This Example is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds. The Example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period (11/1/15 – 4/30/16).

### Actual Expenses

The first line of the table below provides information about actual account values and actual expenses, with actual net expenses being limited to 0.96% per the operating expenses limitation agreement. In addition, the Advisor has voluntarily agreed to waive a portion of its advisory fee contingent upon the Fund's performance versus the S&P 500<sup>®</sup> Value Index (see Note 4 of the Notes to Financial Statements). The amount of the voluntary waiver will depend upon the size of the Fund's net assets as of the end of each month. If the Advisor waives advisory fees under this arrangement, it has also agreed to absorb all expenses, other than advisory fees. For the six months ended April 30, 2016, the Fund's aggregate annual operating expenses were reduced to 0.80%. Although the Fund charges no sales load or transaction fees, you will be assessed fees for outgoing wire transfers, returned checks, and stop payment orders at prevailing rates charged by U.S. Bancorp Fund Services, LLC, the Fund's transfer agent. The Example below includes, but is not limited to, management fees, fund accounting, custody and transfer agent fees. You may use the information in the first line of the table, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

### Hypothetical Example for Comparison Purposes

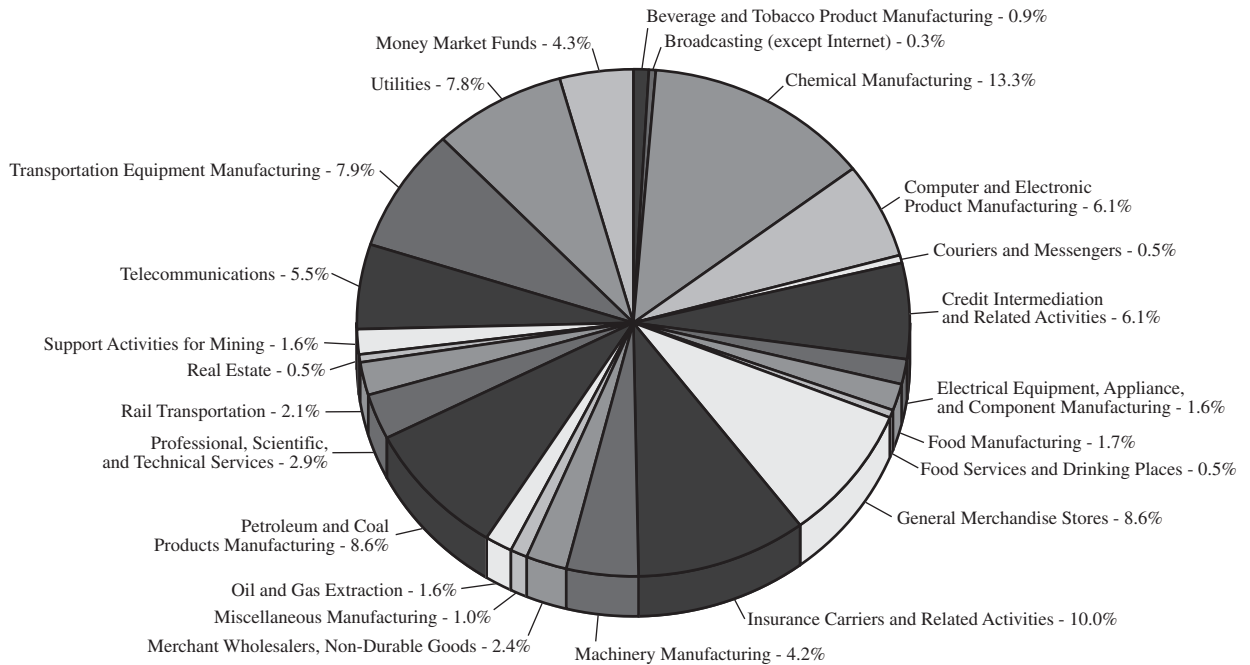

The second line of the table below provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds. Please note that the expenses shown in the table are meant to highlight your ongoing costs only and will not help you determine the relative total costs of owning different funds, as they may charge transactional costs, such as sales charges (loads), redemption fees, or exchange fees.

	<b>Beginning Account Value</b>	<b>Ending Account Value</b>	<b>Expenses Paid During Period*</b>
	<u>11/1/15</u>	<u>4/30/16</u>	<u>11/1/15 – 4/30/16</u>
Actual	\$1,000.00	\$1,047.20	\$4.07
Hypothetical (5% return before expenses)	\$1,000.00	\$1,020.89	\$4.02

\* Expenses are equal to the Fund's annualized expense ratio of 0.80%, multiplied by the average account value over the period, multiplied by 182 (days in most recent fiscal half-year)/366 days to reflect the one-half year expense.

# EDGAR LOMAX VALUE FUND

## NOTES TO FINANCIAL STATEMENTS at April 30, 2016 (Unaudited)

---

### NOTE 1 – ORGANIZATION

The Edgar Lomax Value Fund (the “Fund”) is a diversified series of Advisors Series Trust (the “Trust”), which is registered under the Investment Company Act of 1940, as amended, (the “1940 Act”) as an open-end management investment company. The Fund follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standard Codification Topic 946 “Financial Services – Investment Companies”. The Fund’s investment objective is to seek long-term capital growth while providing some income. The Fund began operations on December 12, 1997.

### NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund. These policies are in conformity with accounting principles generally accepted in the United States of America.

- A. *Security Valuation:* All investments in securities are recorded at their estimated fair value, as described in note 3.
- B. *Federal Income Taxes:* It is the Fund’s policy to comply with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income to its shareholders. Therefore, no Federal income or excise tax provision is required.

The Fund recognizes the tax benefits of uncertain tax positions only where the position is “more likely than not” to be sustained assuming examination by tax authorities. Management has analyzed the Fund’s tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on returns filed for the open tax years 2013-2015, or expected to be taken in the Fund’s 2016 tax returns. The Fund identifies its major tax jurisdictions as U.S. Federal and the state of Wisconsin; however, the Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next twelve months.

- C. *Securities Transactions, Income and Distributions:* Securities transactions are accounted for on the trade date. Realized gains and losses on securities sold are determined on a first-in, first-out basis. Interest income is recorded on an accrual basis. Dividend income, income and capital gain distributions from underlying funds, and distributions to shareholders are recorded on the ex-dividend date.

Common expenses of the Trust are typically allocated among the funds in the Trust based on a fund’s respective net assets, or by other equitable means.

The Fund distributes substantially all net investment income, if any, and net realized gains, if any, annually. Distributions from net realized gains for book purposes may include short-term capital gains. All short-term capital gains are included in ordinary income for tax purposes.

The amount of dividends and distributions to shareholders from net investment income and net realized capital gains is determined in accordance with Federal income tax regulations, which differs from accounting principles generally accepted in the United States of America. To the extent these book/tax differences are permanent, such amounts are reclassified within the capital accounts based on their Federal tax treatment.

# EDGAR LOMAX VALUE FUND

## NOTES TO FINANCIAL STATEMENTS at April 30, 2016 (Unaudited), continued

---

- D. *Reclassification of Capital Accounts:* Accounting principles generally accepted in the United States of America require that certain components of net assets relating to permanent differences be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share.
- E. *Use of Estimates:* The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets during the reporting period. Actual results could differ from those estimates.
- F. *Events Subsequent to the Fiscal Period End:* In preparing the financial statements as of April 30, 2016, management considered the impact of subsequent events for potential recognition or disclosure in the financial statements.

### NOTE 3 – SECURITIES VALUATION

The Fund has adopted authoritative fair value accounting standards which establish an authoritative definition of fair value and set out a hierarchy for measuring fair value. These standards require additional disclosures about the various inputs and valuation techniques used to develop the measurements of fair value, a discussion in changes in valuation techniques and related inputs during the period and expanded disclosure of valuation levels for major security types. These inputs are summarized in the three broad levels listed below:

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.
- Level 2 – Observable inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.
- Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

Following is a description of the valuation techniques applied to the Fund's major categories of assets and liabilities measured at fair value on a recurring basis.

The Fund determines the fair value of its investments and computes its net asset value per share as of the close of regular trading on the New York Stock Exchange (4:00 pm EST).

*Equity Securities:* The Fund's investments are carried at fair value. Securities that are primarily traded on a national securities exchange shall be valued at the last sale price on the exchange on which they are primarily traded on the day of valuation or, if there has been no sale on such day, at the mean between the bid and asked prices. Securities primarily traded in the NASDAQ Global Market System for which market quotations are readily available

# EDGAR LOMAX VALUE FUND

## NOTES TO FINANCIAL STATEMENTS at April 30, 2016 (Unaudited), continued

shall be valued using the NASDAQ Official Closing Price (“NOCP”). If the NOCP is not available, such securities shall be valued at the last sale price on the day of valuation, or if there has been no sale on such day, at the mean between the bid and asked prices. Over-the-counter securities which are not traded in the NASDAQ Global Market System shall be valued at the most recent sales price. Investments in open-end funds are valued at their net asset value per share. To the extent, these securities are actively traded and valuation adjustments are not applied, they are categorized in level 1 of the fair value hierarchy.

*Short-Term Securities:* Short-term debt securities, including those securities having a maturity of 60 days or less, are valued at the evaluated mean between the bid and asked prices. To the extent the inputs are observable and timely, these securities would be classified in level 2 of the fair value hierarchy.

The Board of Trustees (“Board”) has delegated day-to-day valuation issues to a Valuation Committee of the Trust which is comprised of representatives from U.S. Bancorp Fund Services, LLC, the Fund’s administrator. The function of the Valuation Committee is to value securities where current and reliable market quotations are not readily available or the closing price does not represent fair value by following procedures approved by the Board. These procedures consider many factors, including the type of security, size of holding, trading volume and news events. All actions taken by the Valuation Committee are subsequently reviewed and ratified by the Board.

Depending on the relative significance of the valuation inputs, fair valued securities may be classified in either level 2 or level 3 of the fair value hierarchy.

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities. The following is a summary of the inputs used to value the Fund’s securities as of April 30, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<b>Common Stocks</b>				
Accommodation and Food Services	\$ 354,172	\$ —	\$ —	\$ 354,172

# EDGAR LOMAX VALUE FUND

## NOTES TO FINANCIAL STATEMENTS at April 30, 2016 (Unaudited), continued

---

Refer to the Fund's schedule of investments for a detailed break-out of common stocks by industry classification. Transfers between levels are recognized at April 30, 2016, the end of the reporting period. The Fund recognized no transfers to/from Level 1 or Level 2. There were no Level 3 securities held in the Fund during the six months ended April 30, 2016.

In May 2015, FASB issued Accounting Standards Update ("ASU") No. 2015-07 "Disclosure for Investments in Certain Entities that Calculate Net Asset Value ("NAV") per Share (or its equivalent)." The amendments in ASU No. 2015-07 remove the requirement to categorize within the fair value hierarchy investments measured using the NAV practical expedient. The ASU also removes certain disclosure requirements for investments that qualify, but do not utilize, the NAV practical expedient. The amendments in the ASU are effective for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. Management is currently evaluating the impact these changes will have on the Fund's financial statements and related disclosures.

### NOTE 4 – INVESTMENT ADVISORY FEE AND OTHER TRANSACTIONS WITH AFFILIATES

For the six months ended April 30, 2016, The Edgar Lomax Company (the "Advisor") provided the Fund with investment management services under an Investment Advisory Agreement. The Advisor furnished all investment advice, office space, facilities, and provides most of the personnel needed by the Fund. As compensation for its services, the Advisor is entitled to a monthly fee at the annual rate of 0.80% based upon the average daily net assets of the Fund. However, the Advisor has agreed to voluntarily waive a portion of its advisory fees due from the Fund based upon the Fund's performance versus the "S&P 500 Value Index" (since February 28, 2006 this has been the S&P 500/Citigroup Value Index). The Advisor intends to waive a portion of its advisory fee whenever, as of the end of each month, the Fund's 3-year or 5-year average annual total return is less than that of the S&P 500 Value Index. The amount of the voluntary waiver will depend upon the size of the Fund's net assets as of the end of each month. While this voluntary fee waiver can be discontinued at any time, the Advisor has no intention of doing so. For the six months ended April 30, 2016, the Fund incurred \$257,329 in advisory fees, of which the Advisor voluntarily waived \$32,984, resulting in net advisory fees of \$224,345 before expense limitation waivers.

The Fund is responsible for its own operating expenses. The Advisor has contractually agreed to reduce fees payable to it by the Fund and to pay Fund operating expenses to the extent necessary to limit the Fund's net annual operating expenses (excluding acquired fund fees and expenses, interest, taxes and extraordinary expenses) to 0.96% of average daily net assets. If the Advisor waives advisory fees under the arrangement described in the preceding paragraph, it has also agreed to absorb all expenses, other than advisory fees. For the six months ended April 30, 2016, the Fund's aggregate annual operating expenses were reduced to 0.80%, including contractual expense limits and voluntary performance fee waivers. Any such reduction made by the Advisor in its fees or payment of expenses which are the Fund's obligation are subject to reimbursement by the Fund to the Advisor, if so requested by the Advisor, in subsequent fiscal years if the aggregate amount actually paid by the Fund toward the operating expenses for such fiscal year (taking into account the reimbursement) does not exceed the applicable limitation on Fund expenses. The Advisor is permitted to be reimbursed only for fee reductions and expense payments made in the previous three fiscal years. Any such reimbursement is also contingent upon Board of Trustees review and approval at the time the reimbursement is made. Such reimbursement may not be paid prior to the Fund's payment of current ordinary operating expenses. For the six months ended April 30, 2016, the Advisor reduced its fees and absorbed

# EDGAR LOMAX VALUE FUND

## NOTES TO FINANCIAL STATEMENTS at April 30, 2016 (Unaudited), continued

Fund expenses in the amount of \$113,895; no amounts were reimbursed to the Advisor. Cumulative expenses subject to recapture pursuant to the aforementioned conditions expire as follows:

<u>Year</u>	<u>Amount</u>
2016	\$161,912
2017	185,625
2018	238,323
2019	113,895
	<u>\$699,755</u>

U.S. Bancorp Fund Services, LLC (the “Administrator”) acts as the Fund’s Administrator under an administration agreement. The Administrator prepares various federal and state regulatory filings, reports and returns for the Fund; prepares reports and materials to be supplied to the Trustees; monitors the activities of the Fund’s custodian, transfer agent and accountants; coordinates the preparation and payment of the Fund’s expenses and reviews the Fund’s expense accruals. U.S. Bancorp Fund Services, LLC (“USBFS”) also serves as the fund accountant and transfer agent to the Fund. U.S. Bank N.A., an affiliate of USBFS, serves as the Fund’s custodian.

For the six months ended April 30, 2016, the Fund incurred the following expenses for administration, transfer agency, fund accounting, custody, and Chief Compliance Officer fees:

Administration	\$60,721
Fund Accounting	17,191
Custody	7,643
Transfer Agency (a)	6,042
Chief Compliance Officer	4,475

(a) Does not include sub-ta fees and out-of-pocket expenses.

At April 30, 2016, the Fund had payables due to USBFS for administration, transfer agency, fund accounting, Chief Compliance Officer fees and to U.S. Bank N.A for custody fees in the following amounts:

Administration	\$29,558
Fund Accounting	9,053
Custody	3,264
Transfer Agency (a)	3,021
Chief Compliance Officer	2,225

(a) Does not include sub-ta fees and out-of-pocket expenses.

Quasar Distributors, LLC (the “Distributor”) acts as the Fund’s principal underwriter in a continuous public offering of the Fund’s shares. The Distributor is an affiliate of the Administrator.

Certain officers of the Fund are employees of the Administrator. The Trust’s Chief Compliance Officer is also an employee of USBFS. A Trustee of the Trust is affiliated with USBFS and U.S. Bank N.A. This same Trustee is an interested person of the Distributor.

# EDGAR LOMAX VALUE FUND

## NOTES TO FINANCIAL STATEMENTS at April 30, 2016 (Unaudited), continued

---

### NOTE 5 – PURCHASES AND SALES OF SECURITIES

For the six months ended April 30, 2016, the cost of purchases and the proceeds from sales of securities, excluding short-term securities, were \$35,448,718 and \$38,254,125, respectively.

### NOTE 6 – INCOME TAXES AND DISTRIBUTIONS TO SHAREHOLDERS

The tax character of distributions paid during the six months ended April 30, 2016 and the year ended October 31, 2015 was as follows:

	Six Months Ended April 30, 2016	Year Ended October 31, 2015
Net investment income	\$2,929,096	\$1,765,374
Long-term capital gains	5,794,823	5,035,088

As of October 31, 2015, the Fund's most recently completed fiscal year end, the components of accumulated earnings/(losses) on a tax basis were as follows:

Cost of investments (a)	<u>\$65,722,761</u>
Gross tax unrealized appreciation	6,465,595
Gross tax unrealized depreciation	<u>(4,691,927)</u>
Net tax unrealized appreciation (a)	<u>1,773,668</u>
Undistributed ordinary income	2,698,915
Undistributed long-term capital gain	<u>5,794,816</u>
Total distributable earnings	<u>8,493,731</u>
Total accumulated earnings/(losses)	<u>\$10,267,399</u>

- (a) The difference between book-basis and tax-basis net unrealized appreciation is attributable primarily to the tax deferral of losses on wash sales.

## **NOTICE TO SHAREHOLDERS at April 30, 2016 (Unaudited)**

---

### **How to Obtain a Copy of the Fund's Proxy Voting Policies**

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities is available without charge upon request by calling 1-866-205-0524 or on the U.S. Securities and Exchange Commission's website at <http://www.sec.gov>.

### **How to Obtain a Copy of the Fund's Proxy Voting Records for the 12-Month Period Ended June 30, 2015**

Information regarding how the Fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available without charge, upon request, by calling 1-866-205-0524. Furthermore, you can obtain the Fund's proxy voting records on the SEC's website at <http://www.sec.gov>.

### **Quarterly Filings on Form N-Q**

The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The Fund's Form N-Q is available on the SEC's website at <http://www.sec.gov>. The Fund's Form N-Q may be reviewed and copied at the SEC's Public Reference Room in Washington, DC and information on the operation of the Public Reference Room may be obtained by calling 1-202-551-8090. Information included in the Fund's Form N-Q is also available by calling 1-866-205-0524.

## **HOUSEHOLDING (Unaudited)**

---

In an effort to decrease costs, the Fund intends to reduce the number of duplicate prospectuses, annual and semi-annual reports, proxy statements and other similar documents you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders the Transfer Agent reasonably believes are from the same family or household. Once implemented, if you would like to discontinue householding for your accounts, please call toll-free at 1-866-205-0524 to request individual copies of these documents. Once the Transfer Agent receives notice to stop householding, the Transfer Agent will begin sending individual copies thirty days after receiving your request. This policy does not apply to account statements.

# EDGAR LOMAX VALUE FUND

## APPROVAL OF INVESTMENT ADVISORY AGREEMENT (Unaudited)

---

At a meeting held on December 2-3, 2015, the Board (which is comprised of five persons, four of whom are Independent Trustees as defined under the Investment Company Act of 1940, as amended), considered and approved the continuance of the investment advisory agreement (the “Advisory Agreement”) between Advisors Series Trust (the “Trust”) and The Edgar Lomax Company (the “Advisor”) for another annual term for the Edgar Lomax Value Fund (the “Fund”). At this meeting, and at a prior meeting held on October 14-15, 2015, the Board received and reviewed substantial information regarding the Fund, the Advisor and the services provided by the Advisor to the Fund under the Advisory Agreement. This information, together with the information provided to the Board throughout the course of the year, formed the primary (but not exclusive) basis for the Board’s determinations. Below is a summary of the factors considered by the Board and the conclusions that formed the basis for the Board’s approval of the continuance of the Advisory Agreement:

1. **THE NATURE, EXTENT AND QUALITY OF THE SERVICES PROVIDED AND TO BE PROVIDED BY THE ADVISOR UNDER THE ADVISORY AGREEMENT.** The Board considered the nature, extent and quality of the Advisor’s overall services provided to the Fund as well as its specific responsibilities in all aspects of day-to-day investment management of the Fund. The Board considered the qualifications, experience and responsibilities of the portfolio managers, as well as the responsibilities of other key personnel of the Advisor involved in the day-to-day activities of the Fund. The Board also considered the resources and compliance structure of the Advisor, including information regarding its compliance program, its chief compliance officer, the Advisor’s compliance record, and the Advisor’s disaster recovery/business continuity plan. The Board also considered the prior relationship between the Advisor and the Trust, as well as the Board’s knowledge of the Advisor’s operations, and noted that during the course of the prior year they had met with the Advisor to discuss Fund performance and investment outlook as well as various marketing and compliance topics, including the Advisor’s risk management process. The Board concluded that the Advisor had the quality and depth of personnel, resources, investment methods and compliance policies and procedures essential to performing its duties under the Advisory Agreement and that the nature, overall quality and extent of such management services are satisfactory.
2. **THE FUND’S HISTORICAL PERFORMANCE AND THE OVERALL PERFORMANCE OF THE ADVISOR.** In assessing the quality of the portfolio management delivered by the Advisor, the Board reviewed the short-term and long-term performance of the Fund as of June 30, 2015 on both an absolute basis and in comparison to appropriate securities benchmarks and its peer funds utilizing Lipper and Morningstar classifications. While the Board considered both short-term and long-term performance, it placed greater emphasis on longer term performance. When reviewing performance against the comparative peer group universe, the Board took into account that the investment objective and strategies of the Fund, as well as its level of risk tolerance, may differ significantly from funds in the peer universe.

The Board noted that the Fund’s performance, with regard to its Lipper comparative universe, was above its peer group median for the five-year and ten-year periods and below its peer group median for the one-year and three-year periods.

# EDGAR LOMAX VALUE FUND

## APPROVAL OF INVESTMENT ADVISORY AGREEMENT (Unaudited), continued

---

The Board noted that the Fund's performance, with regard to its Morningstar comparative universe, was above its peer group median for the one-year, five-year and ten-year periods and below its peer group median for the three-year period.

The Board also considered any differences in performance between separately managed accounts and the performance of the Fund, and reviewed the performance of the Fund against a broad-based securities market benchmark.

3. **THE COSTS OF THE SERVICES TO BE PROVIDED BY THE ADVISOR AND THE STRUCTURE OF THE ADVISOR'S FEE UNDER THE ADVISORY AGREEMENT.** In considering the appropriateness of the advisory fee, the Board considered the level of the fee itself as well as the total fees and expenses of the Fund. The Board reviewed information as to fees and expenses of advisers and funds within the relevant Lipper peer funds, fees charged by the Advisor to other separately managed accounts, as well as information regarding fee offsets for separate accounts invested in the Fund. When reviewing fees charged to other separately managed accounts, the Board took into account the type of account and the differences in the management of that account that might be germane to the difference, if any, in the fees charged to such accounts.

The Board noted that the Advisor had contractually agreed to maintain an annual expense ratio for the Fund of no more than 0.96% (the "Expense Cap"). Additionally, the Board noted that the Advisor had voluntarily agreed to waive a portion of its advisory fees in the event the Fund's trailing three-year or five-year average annual total return was less than that of a specific index. The Board noted that the Fund's total expense ratio was below its peer group median and average both within the broader universe of peers and among a more narrow peer group adjusted to include only funds with similar asset sizes. Additionally, the Board noted that while the contractual advisory fee was above the peer group median and averages, the Board also considered that after advisory fee waivers and the reimbursement of Fund expenses necessary to maintain the Expense Cap, in addition to the voluntary expense limitation, the Adviser did not receive any advisory fees from the Fund during the most recent fiscal period. The Board also took into consideration the services the Advisor provided to its separately managed account clients, comparing the fees charged for those management services to the management fees charged to the Fund. The Board found that the management fees charged to the Fund were generally in line with the fees charged to the Advisor's similarly managed account clients. As a result, the Trustees noted that the Fund's expenses and advisory fee were not outside the range of its peer group.

4. **ECONOMIES OF SCALE.** The Board also considered whether economies of scale were being realized by the Advisor that should be shared with shareholders. The Board noted that the Fund's total expense ratio has declined since the Fund's inception due to growth of assets. The Board further noted that the Advisor has contractually agreed to reduce its advisory fees or reimburse Fund expenses so that the Fund does not exceed the specified Expense Cap. The Board noted that at current asset levels, it did not appear that there were additional significant economies of scale being realized by the Advisor that should be shared with shareholders and concluded that it would continue to monitor economies of scale in the future as circumstances changed and assuming asset levels continue to increase.

# EDGAR LOMAX VALUE FUND

## **APPROVAL OF INVESTMENT ADVISORY AGREEMENT (Unaudited), continued**

---

5. THE PROFITS TO BE REALIZED BY THE ADVISOR AND ITS AFFILIATES FROM THEIR RELATIONSHIP WITH THE FUND. The Board reviewed the Advisor's financial information and took into account both the direct benefits and the indirect benefits to the Advisor from advising the Fund. The Board considered the profitability to the Advisor from its relationship with the Fund and considered any additional benefits derived by the Advisor from its relationship with the Fund, such as "soft dollar" benefits that may be received in exchange for Fund brokerage. The Board also considered that the Fund does not charge Rule 12b-1 fees. The Board also reviewed information regarding fee offsets for separate accounts invested in the Fund and determined that the Advisor was not receiving an advisory fee both at the separate account and at the Fund level for these accounts, and as a result was not receiving additional fall-out benefits from these relationships. After such review, the Board determined that the profitability to the Advisor with respect to the Advisory Agreement was not excessive, and that the Advisor had maintained adequate resources and profit levels to support the services it provides to the Fund.

No single factor was determinative of the Board's decision to approve the continuance of the Advisory Agreement for the Edgar Lomax Value Fund, but rather the Board based its determination on the total mix of information available to them. Based on a consideration of all the factors in their totality, the Board determined that the advisory arrangement with the Advisor, including the advisory fees, was fair and reasonable. The Board therefore determined that the continuance of the Advisory Agreement for the Edgar Lomax Value Fund would be in the best interest of the Fund and its shareholders.
